DOCKET NO. 2012-315-S - ORDER NO. 2012-824
NOVEMBER 1, 2012

IN RE: Application of Condor Environmental, LLC)	ORDER APPROVING
for Expansion of Existing Sewer Service)	NAME CHANGE,
Area and Approval of Agreements)	EXPANSION OF
(Greenville County))	EXISTING SERVICE
)	AREA, AND SERVICE
)	AGREEMENTS <i>NUNC</i>
)	<i>PRO TUNC</i>

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the Application of Condor Environmental, LLC (“Condor”) requesting an expansion of its existing sewer service area to include certain portions of Greenville County, South Carolina, and approval of thirteen “Pump Station and Force Main Agreements.” In addition, Condor seeks to change its name from Condor Environmental O&M, LLC to Condor Environmental, LLC. Condor seeks approval of these requests *nunc pro tunc*. However, once the Application was filed, notice of this matter was published according to the Commission’s regulations and no party opposes the Application, including the Office of Regulatory Staff.

The proposed service area is not presently served by any public utility providing sewer service and no governmental entity has sewer service facilities in the proposed service area. This area includes several subdivisions with additional commercial property, and the Application shows that it is the desire of these subdivisions that Condor provide sewerage service.

We note that Condor states it initially did not realize it needed approval before enacting these proposed changes but sought such approval once this realization occurred. We find that Condor's requests are in the public interest and therefore its Application, including a name change, expansion of service area, and the thirteen Pump Station and Force Main Agreements as referenced in the Application are approved *nunc pro tunc*.

This Order shall remain in full force and effect until further order of the Commission.
